Signed By: mary.caldwell@gtmo.navy.mil

Good afternoon,

As you know Michelle was promoted as May, but works mainly in the Crane Safety and Contractor Cranes. Her previous position was Crane Certifying Official Alternate and I am the Crane Certifying Official. Since then Mr. Lipka was selected to take over her previous position and is here on island. I still am the Crane Certifying Official, and once he has complete his training will become the alternate. Please contact me if you have questions.

v/r

All,

The Certifying official for Naval Station Guantanamo is Mary Caldwell. She is CC's in this email. My position no longer holds the certifying official for Navy Cranes.

Mark/ Mike,

As far as I know Michelle Wadkins is still running the crane program here in

GTMO. I have CC'd her on this email so you will have her email address.

V/R
Shawn

Mark,

Are you looking for a point of contact from NAVFAC?

R/Shawn

Shawn,

We have been trying to talk with Mr. Wadkins and Michelle the past couple weeks but they have either been on leave or on PTO on island.

I heard they were both leaving the island and a new certifying official is scheduled to take their place. We have been working with Mr. Stairs the NCC training lead and NCC instructors so they can come to the island and teach the 7 NAVFAC P 307 courses to our new hires. We (the instructors and SSI) have a few questions for the on island command.

Do you know who I can talk to in the next week that can assist us?

r/

Mark
